REALife Application

Use the following questions this week to reflect on what it would mean to align yourself with the truths taught in Scripture. Each question is meant for both personal reflection and as a catalyst for discussion with your family, friends, or REALife Group.

1. This morning, you saw a list of Bible "Heroes" who had other jobs before God called on them. Do you know of any other examples in Scripture?
2. The world bombards us with education, advertising campaigns and literature stressing that, "Nothing is impossible if you put your mind to it." What does the Bible say to that?
3. Today might have been the first time you heard the term Huminism. Knowing the definition and some of the beliefs, have you found yourself believing in some of these things?
4. Did this morning's use of Genesis 11 surprise you? How is this passage usually used? How will this comment from God change how you look at your abilities?

MEMORY VERSE

Gen 11:6 If as one people speaking the same language they have begun to do this, then nothing they plan to do will be impossible for them.
