

Renouncing, Rerooting And Asking

Ephesians 2:1-10, 4:20-24

✓ The Christian life is a life that is ongoing in its practice of renouncing what is old, rerooting in what is new, and perpetually asking God for help.

❶ RENOUNCING WHAT IS OLD.

(Ephesians 2:1-4a)

✓ We were dead, and dead men have roots that go deep. Those roots are the roots of guilt and shame, of fear and anxiety, and then the fruit of those roots bear in all sorts of different ways.

❷ REROOTING WHAT IS NEW.

(Ephesians 2:4a-10)

✓ We have been made alive with Christ. Those roots are being pulled up.

✓ For you to just have the fruit of sin removed while the plant remains is no good for you and brings no glory to God.

❸ REQUESTING GOD'S CONTINUAL HELP.

(Ephesians 2:10)

✓ This ongoing practice of renouncing and rerooting and asking God to save us and help us and move in us and strengthen us and grant us resolve and grant us discipline and stir up hope within us.

Renouncing, Rerooting And Asking
